

## **ExxonMobil Discount Now Available to Eligible Uber Partners Nationwide**

- Eligible Uber driver-partners can unlock significant savings at more than 10,500 Exxon- and Mobil-branded retail stations in the U.S.

HOUSTON – Dec. 16, 2015 - ExxonMobil and Uber announced that discounts at Exxon- and Mobil-branded retail stations are now available nationwide through the Partner Fuel Card, powered by FleetCor and Mastercard. The Partner Fuel Card, which is a part of Uber's exclusive Momentum Partner Rewards program, allows cardholders to unlock savings of up to 15 cents per gallon whenever they fill up at gas stations across the country.

When using the card, Uber partners will receive three cents off per gallon at more than 10,500 participating Exxon- and Mobil-branded retail stations throughout the U.S. The Momentum program also includes an automatic 1.5 percent discount off fuel purchase everywhere that MasterCard is accepted, along with other discounts at participating merchants nationwide.

"We initially launched the Partner Fuel Card in Boston, Chicago, New York and Washington, D.C. and saw very positive results," said Jan Crowe, director of retail fuels marketing ExxonMobil Fuels, Lubricants & Specialties Marketing Company. "Uber partners have taken advantage of the savings and distributors who own and operate the stations have enjoyed increased traffic and sales at Exxon- and Mobil-branded stations."

"The Uber Fuel Card has proven to be a very valuable tool for our driver-partners, helping them grow their businesses and maximize earnings. We're excited to expand the ExxonMobil discount program nationwide, and to bring additional savings opportunities to our dedicated driver-partners across the U.S." said Jeff Miller, Uber's Director of Strategic Initiatives.

Crowe says that there are more benefits to using the card at Exxon- and Mobil-branded stations beyond just fuel purchases. "Exxon- and Mobil-branded stations not only provide quality fuel, they also may offer convenience stores, car washes and other on-site services to meet partner needs. In addition to the Partner Fuel Card, Uber partners will also be able to take advantage of numerous offers at our participating stations including Plenti, a unique loyalty program that features merchants such as ExxonMobil, AT&T, Macy's, Nationwide, RiteAid and others."

### About Momentum:

Uber launched its driver partner rewards program Momentum last fall, and they are continuing to add new customized-rewards for Uber driver partners. The Momentum program offers driver partners rewards to help them stay healthy, grow their business or reduce overall operating costs. One of the perks available through Momentum is the [Partner Fuel Card](#).
